I give my consent for Dr. Henrickson to work with me and my baby during this consultation for my breastfeeding problem/concern. This consent is for visits, phone conversations and information sent by secure e-mail and includes appropriate follow-up contact.

I understand that a lactation consultation session may involve:

- touching my breasts and/or nipples for the purposes of assessment and possible massage techniques, ultrasound or laser therapy
- inserting gloved fingers into my baby's mouth to assess suckling motions
- observation of a breastfeeding session and/or pumping
- suggestions to enhance latch or breastfeeding position and techniques
- demonstration of breastfeeding equipment or supplies

I understand it is my responsibility to contact Dr. Henrickson with progress updates, questions or concerns.

- I give my consent for Dr. Henrickson to release any information acquired in the evaluation and/or management of myself and/or my child to our health care providers. I understand she may contact my OBGYN or my child's Pediatrician if she feels it is necessary for a positive outcome.

I understand that the results are not guaranteed. I do not expect the lactation consultant to be able to treat all complications completely. I have read and fully understand the above statements and therefore accept evaluation and guidance on this basis.

PATIENT FINANCIAL RESPONSIBILITY AND ASSIGNMENT OF BENEFITS

Thank you for choosing Dr. Heidi Henrickson as your lactation provider. Please be assured that the health of our patients is of the utmost importance to us. We thank you for taking the time to review our policies. Your understanding of our Financial Policy is important to our professional relationship with you. Please feel free to ask any questions or share any special concerns that you may have. Your insurance benefits are determined in the contract between you and the insurance company, and it is important that you understand and follow the requirements of your specific insurance policy.

If your child is having difficulties feeding at the breast, we might need to examine both the lactating parent as well as the infant and take a detailed history of the complaints. We might have to observe a feeding for proper diagnosis and to provide you with the best care plan. The infant and lactating parent are each considered a patient therefore we will bill both the infant and lactating parent's insurance plans for the exam and any treatment provided. Each visit may carry their own copay or coinsurance that you will be responsible for.

Co-Payments/Coinsurance/Deductibles

Your specific insurance plan determines the amounts you may be required to pay. Our contract with your plan and applicable laws limit us from discounting or waiving copayments, deductibles, or coinsurance for visits and procedures. Copays are required at the time of every visit, and we accept cash, check or credit card as payment. For your convenience, WCC utilizes a credit card processing system which allows us to keep your credit card on file securely. Please note that no staff members at WCC have access to your credit card number at any time. We will charge your card for amounts due, as indicated by your insurance carrier, unless you advise us otherwise. To find out if your plan will cover, please email drhenrickson@winchesterchirocenter.com. Include a brief description of the problem, the lactating parent's insurance type and subscriber number plus their date of birth as well as the infant's name, date of birth and their insurance type and subscriber number.

No Show / Late Cancel Policy

A $200 surcharge will be applied to your balance if you do not arrive for a lactation appointment as scheduled and do not cancel 24 hours prior to the scheduled visit. We understand there may be unpredictable and unique circumstances that cannot be avoided. Please contact us to explain and discuss any situation which may cause you to cancel or reschedule.

Self-Pay

Payment is expected at the time of visit unless other arrangements have been made with the office manager prior to the visit.

Insurance

We will require a copy of your insurance card for our files. It is your responsibility to inform us of any change in your insurance coverage. We are in network with some plans; however, many companies consider all lactation consultants to be out of network and therefore will not directly pay for care. We can always supply you with a detailed superbill and you can submit to your insurance for possible reimbursement of all or some of the cost of the lactation visit.

Non-Participating Plans

If we are out of network for your insurance and your insurance will be paying you directly, we expect payment at the time of service unless other arrangements have been made prior to the visit. Call member services on the back of your insurance card and ask about the process for submitting for out-of-network reimbursement.
